PLANNING DIRECTOR

House Number Application

Name of Town _____ Tax Parcel Number _____

Section Number _____ Road Name _____

Parcel Owner's Name _____ Building Owner's Name _____

Type of Structure: House Business Other _____

Has construction been started? Yes No Is the driveway in? Yes No

What is the house number of the nearest house on your road? _____

If located within 500 feet, estimate how far the driveway of this house is located from where your future structure's driveway enters the road _____

What direction is the nearest house located from your parcel? N S E W

Is it on the same side of the road as your house or the opposite side? _____

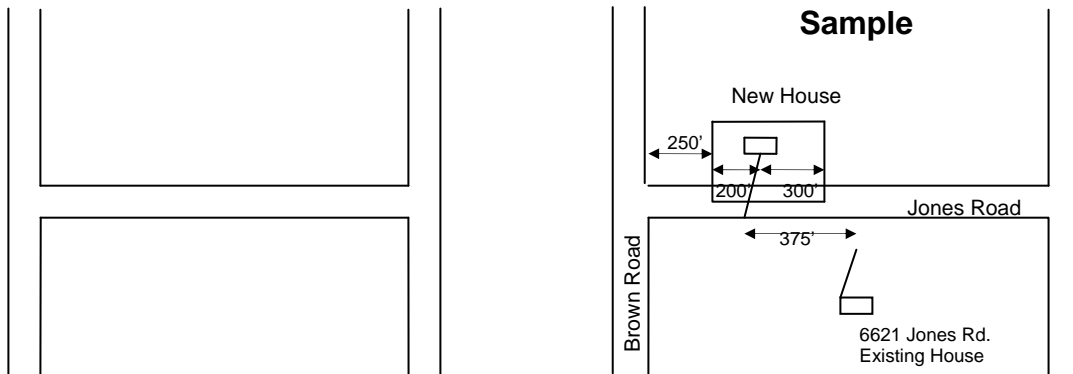

If a Certified Survey Map (CSM) or a Subdivision Plat has been done for the area:

Certified Survey Map (CSM) Volume _____ Page _____

Subdivision Plat Name _____ Lot Number _____

Phone number (work) _____ (home) _____

On the bottom drawing show the location or future location of your driveway, specifically writing in the distance in feet from where the driveway enters the road to the side lot lines of your property. Label all relative road name(s). If an existing house is located nearby, show the location where its driveway enters the road and where your driveway enters the road and calculate in feet the distance between the two driveways where they enter the road. The driveway location is the main factor in assigning an address.

Assigned Address _____
(to be filled in by office personnel only)
