

STAFF REPORT
Administrative Modification #1 to the
2014-2018 Transportation Improvement Program (TIP)
for the Green Bay Urbanized Area
Brown County Planning Commission (BCPC)
June 4, 2014

The Administrative Modification listed below was made by BCPC staff at the request of the Wisconsin Department of Transportation (WisDOT). The Highway Safety Improvement Program (HSIP) group category was originally included in the 2014-2018 TIP and went through the appropriate public involvement process. The Administrative Modification is being made as a result of costs exceeding the initial \$80,000 federal funding established under the HSIP. The MPO TIP number assigned to the HSIP group is 158-09-081.

Administrative modifications require **notification** to the BCPC Board of Directors (MPO Policy Board). The program is fiscally constrained.

Administrative Modification #1 to the 2014-2018 TIP
